

The Westbourne Chaise Sofa

Relaxed and generously proportioned, the Westbourne sofa is designed for effortless comfort and modern living. Its clean-lined silhouette is softened by deep cushions and supportive arms, creating a welcoming form that feels refined yet wonderfully easy to live with.

The integrated chaise invites you to stretch out and unwind, while the elevated base and tapered legs lend a sense of lightness and balance to the overall design. Thoughtfully constructed, Westbourne offers a supportive sit that holds its shape beautifully, making it as dependable as it is comfortable.

Westbourne is a sofa made for everyday moments — a versatile centrepiece that brings calm, comfort and enduring style into the home
